INTRODUCING DR ARIEL HAUS LONDON'S LEADING BRAZILIAN DOCTOR

A cosmetic doctor from Brazil, Dr Haus has specialist training in Dermatology and Aesthetic Medicine whilst also specialising in Anti-Ageing. Registered as a medical practitioner in both Brazil and the UK where he has clinics, Dr Haus specialises in carrying out non-invasive treatments and has extensive experience using laser and therapy to reduce wrinkles, improve skin elasticity, remove unwanted hair and fat.

Dr Ariel Haus, is delighted to announce the arrival of VelaShape at his Harley Street, London clinic. The scientifically proven VelaShape effectively and safely contours, shapes and slims the body by reducing cellulite and firming problem areas. After four of the recommended six sessions results are seen.

Combining Bi-Polar Radiofrequency, Infrared Light Energy, plus Vacuum and Mechanical Massage, VelaShape is like nothing else to work on cellulite around the body. Target areas including the waist, legs and more see results that allow you to fit into that item of clothing you have grown out of or if you're heading to the beach, do so with added confidence.

Vacuum and specially designed rollers for the Mechanical Massage smooth out the skin to facilitate safe and efficient heat energy delivery. The net result increases the metabolism of stored energy, increases lymphatic drainage and reduces or shrinks the size of the actual fat cells and fat chambers.

Results are impressive, with most people seeing a Circumferential Reduction of thighs of at least 1cm; ranging up to 7.2cm in reduction. The skin is left smoother with a noticeable reduction in cellulite and treated areas are reshaped.

Call it what you like; cheating, speeding up the process or an easy option – VelaShape shows no love to love handles and effectively treats them to a reduction in size! Cellulite is common in many people and can become a troubling concern and one that can take an endless amount of time to deal with. VelaShape takes away the concern and targets cellulite like nothing else on the market.

Says Dr Haus 'I see an increasing number of patients coming to me with concerns on body shape which is why I am pleased to have the VelaShape at my clinic. Results make this option ideal. The fact that it is quick, painless and safe means in next to no time patients see desired results.'

DR HAUS ALSO OFFERS ALL MANNER OF NON INVASIVE TREATMENTS AT HIS CLINIC INCLUDING;

- Chemical Peelings
- Intradermotherapy
- Botox
- Fillings
